GOOD NEWS CORNER

From a Sacred Heart Student: "We need your help. We are working hard to give Habitat enough money for our roof project. My friends and I have worked doing extra things at our houses to get extra money to give. We know how important it is to have a roof on our house and we want to do this for the family that is going to live in that house. Please give what you can to help us. You can give it to the church in an envelope with the word Habitat written on it. Please help us help others." The children in our school and CCD program have put out a plea for your help. The house you see in the front of the church represents their efforts thus far. Many children have given all the money in their piggy banks to get this house shingled. Can you do what you can with what you have at this very moment to help them? Jesus calls us all to serve with what we have been given.
